## Skagit-Island-San Juan School Retirees' Association

### Hello Superintendents!

Each year **Unit 21** (representing Skagit, Island, and San Juan Counties) of the **Washington State School Retirees' Association** offers **mini grants to all certificated and classified school employees.** as a way to augment classroom and other school activities that enhance student learning. This year due to the continuing Covid issues we would like to make available a larger grant of \$150 or above to fund some of those special issues. To do this we are looking for programs that meet the needs of several staff members or a whole school need that will support those special needs.

Enclosed you will find a grant application. **We are asking that this application form be forwarded to all staff in your district/school to inform staff of this opportunity.** Complete and send in the application form along with a short paragraph describing how the funds will be utilized. We stress that **all** school employees, classified as well as certificated, can apply. One caveat: It is a first come first served event and members of WSSRA are a priority.

Unit 21 would welcome the chance to visit your schools when the time comes and we can all get back to in-person learning and visiting. We are including membership forms for those that are interested in joining this important organization.

Please forward questions or concerns to our Mini Grant Chairs:
